War and Drought Puts Wheat Up 1 Cent and Corn Over 2.

### PRINT PAPER IN DEMAND

"Extras" Are Enriching International Company-Cotton Expert Discusses Situation.

By W. STEALEY.

All cercals scored another advance yestercay, presumably on the better prospect of opening the export market, country is about \$25,000,000, which is conspecially for wheat. The anouncement siderably below early estimates. Arrangements have been made by the United States and Canada is taken to mean that as soon as Great Britain is placed squarely on a war footing her blaced squarely on a war footing her will accept and pay for them at once, it havy will assume to keep the North Atlantic shipping routes open for the purpose of conveying breadstuffs to the toned. purpose of conveying breadstuffs to the tioned.

The advance of September wheat to Si's the situation. The outlook appears brightand December to Si 1-2 was equaled by the corn advance, due to drought conditions in the leading surplus corn is states. Kansas and Iowa both report the crop as losing ground rapidly for want of rain. Failure of precipitation within the next week would prove fatal to prospects which already had lost seriously there and elsewhere. December year of abnormally high prices for feed-has communicated itself to the live stock market and through that to meat prices, market and through that to meat prices, market and through that to meat prices, endeavoring to hold back offerings of endeavoring to hold back offerings of the situation to bring about an advisable passed points. It is situated the part of the passed points which already had lost seriously there and elsewhere to be accomplished. It is believed, within a communicated itself to the live stock comparatively short time. Once the necessary arrangements have been made, which have advanced several cents on account of the domestic demand and outside war orders.

Bankers and merchants in the West are endeavoring to hold back offerings of this government and bankers identified wheat and outside war orders.

Bankers and merchants in the West are endeavoring to hold back offerings of this phase of the situation to bring about an advisable passed points and the market with the situation to bring about an advisable passed points which conditions of the egg market yeard, such and the market start do can find the market prices which a frequency and the market prices and the market prices and the market with in a straight and the report of the passed points which conditions of restricts and the market with the situation at this time is the ability to maditions.
